## JUDICIAL JR REVIEW

### Farewell Edition

“Memory is a way of holding onto the things you love, the things you are, the things you never want to lose”

Hey Fazli, Haya, Neshmiya and Sara!

We just came up with this just to let you guys know how much we admire you and how much fun we had during the last few months, it seems like it was only yesterday when we came to SIL we all were strangers then and now we are like one big family, that is only because you guys have been really friendly, helpful and inspiring.

We learned so many things from you guys, you made us realize how much we could achieve not just academically but also in life, you guys supported us and inspired us to go and test ourselves, we discovered strengths which we never thought we had, we are extremely indebted to you for your encouraging and wise words.

It's saddening even to think that you guys would be leaving SIL (inshAllah with really good grades), what we can say is that life in SIL is not going to be the same without you all, we hope and pray that wherever you guys go success follows you

As we all know that you guys would be graduating this year but before you leave we thought why not give you guys a surprise and let you know what we all think of you and how much we are going to miss you guys!

“The happiest memories are of moments that ended when they should have” - Robert Brault,
